Activation of the Tuition Waiver

- The tuition waiver must be requested/applied to each course every academic period via [PioneerWeb](#) .
- The tuition waiver must be **re-requested** to any course that has been changed.
 - Changes include add/drop of course, section, etc.
 - The waiver must be re-requested by the deadline.
- Application deadline: All tuition waiver users must request by the, "100% Drop" deadline.
 - Please see the DU Registrar [webpage](#) for specific deadlines to each colleges and schools.
 - If you have missed the deadline to apply for your tuition waiver credits (100% Drop deadline), please login to your PioneerWeb account and submit a [Tuition Waiver Appeal Request](#) .
- Tuition waiver courses dropped before web registration closes will be reallocated towards the annual maximum, and the Tuition Waiver **must be reassigned** to the new classes for the term **before** web registration closes.

Before the Tuition Waiver Request form can be processed the waiver recipient must have been admitted to the University of Denver and have been issued a DU ID# Number. This number is not the student's social security number. Please note: an eligible recipient does not

necessarily need to be admitted into a degree program in order to use the waiver. Unless degree-seeking status is part of the criteria for admission into the course or program, the waiver recipient can be admitted as a Special Status (non-degree seeking) student.

For information on the admissions process, please contact the admissions office for the college through which you, your spouse, or dependent child plan on taking courses.
